Welcome,

Thank you for choosing Rapid Rehabilitation for your physical therapy needs. We strive to provide caring, individualized and innovative service for each patient. Patients appreciate our effective, affordable programs and are always eager to work with our dedicated, compassionate therapists.

As part of our commitment to personalized service and clinical excellence, we have developed this information folder to answer many of your concerns and hopefully encourage you to ask questions. We realize that this may be a scary time for you and your family and we want to minimize the stress involved.

Within this folder, we have provided information pertaining to our clinical team of physical therapists with advanced degrees, answers to frequently asked questions (FAQ's) and paperwork which needs to be completed prior to your first appointment. The information you submit will aid us in doing a complete evaluation that will enable us to develop an individualized program that will address your particular needs.

We want to provide affordable and convenient service. That's why we take time to explain your insurance benefits. We file with over 200 insurance companies and will file your paperwork for your primary and secondary insurance coverage. We also take VISA and MC for expenses not covered by insurance. Flexible appointment times are available Monday through Friday at both convenient locations.

If you have any questions or concerns, I hope that you will ask one of our representatives. Again, thank you for trusting us.

Best regards,

A handwritten signature in black ink that reads "Sherisue".

Sherisue Barber, DPT, CLT, ASTYM

Patient Care. Research. Education.
